Memorandum

Date: June 6, 2013
To: Citizens Advisory Committee Members
From: Bill Austin, AICP
Subject: June 13, 2013 CAC Agenda

Please find below a short description of the action items to be considered at the June 13, CAC Meeting to be held at the MPO Office in the Conference Room at 6:00 PM.

-Transportation Improvement Program-Please find enclosed the draft FY 2013-2017 TIP for the CAC's review. The only new project in the draft TIP that has not been reviewed by the MPO's Committee's is the addition of a traffic signal on WV 705 at Suburban Lanes. This item was a small part of a presentation by Dr. Andrew Nichol's at the MPO Policy Board meeting. The Policy Board has requested the WVDOH undertake a comprehensive study of the corridor including discussions with property owners in the area. The draft TIP also includes funding for Mountain Line and the PRT. It is respectfully requested that the CAC recommend approval of the draft TIP to the MPO Policy Board.

-Transportation Improvement Program Amendments- Please find following descriptions of TIP Amendments and adjustments requested by WVDOH for the CAC's consideration. Please note that the proposed amendments were not submitted in time to be considered part of the draft TIP considered above.

The projects proposed for these Amendments are as follows:

-Draft Traffic Count Map-Please find enclosed a draft of the Urban Area’s Annual Traffic Count Map. Please note that several of the count locations are incomplete. We are providing this map for your use until we are able to finalize all of the MPO’s Traffic Counts and the Annual Traffic Count Report. We anticipate having the complete map and full report for your review at the August CAC meeting.

-Form to Evaluate Corridors and Intersections for Prioritization-Please find enclosed in your agenda packet a draft form for rating projects included in Tier One of the MPO’s newly adopted Long Range Transportation Plan as well as a form for evaluating the projects identified in Tier One Project number 38 the Intersection Capacity and Safety Improvement Program. We would appreciate any feedback you may have on these forms. In addition to the project rating list samples of information sheets are also enclosed in the agenda packet for your comment.

We are asking the MPO’s Committee members to use the period between now and the next Committee meetings to evaluate the projects in the new LRTP. We would like to consider an MPO Priority List in August. We will provide you with a copy of the MPO’s recently adopted LRTP at this meeting to assist you in evaluating projects. In addition to the LRTP we anticipate being able to provide information sheets on each individual project from the LRTP as well as from Project 38 within the next two weeks.
